# Quilter's Haven: A place to get away to, take time from, and to fellowship with

## Get Away... Take Time... Fellowship...

Get away from the dirty dishes, the meal making, and the bed keeping. Come and enjoy the chance to sit back and feel served as we take on the work and you take on your projects. Allow us to provide you with the freedom to relax and work at your own pace without worry or stress.

Take Time to get into a new project, finish that quilt you haven't touched since your last retreat, or learn a new technique. Take time to breathe and enjoy your chance to escape into paradise. And don't forget to take time to create the friendships that will last a lifetime and will be rekindled from year to year.

\*items that will be provided are as follows:

2 ironing stations, 2 cutting stations, and 1 community snack table

Come to LeTourneau Christian Camp and enjoy a time set apart for those with like interests. Benefit from opportunities to share your wisdom and glean from other's abilities as you visit and fellowship with the 49 other participants.
